

# MARCH FORTH

March Forth was created in memory of Julietta "Jules" Laurita who died on March 4, 2019, at age 19.

Jules had endless music in her, a fierce sense of justice, and an insatiable desire to connect across differences. One of her many quotes that she created and lived by is:

**"Learn from each other, decide for ourselves..."**

For all of us who love her and her illuminating spirit, the loss is immeasurable.

March Forth's ongoing mission is to keep Jules's memory alive through projects that cultivate and affirm the independent thinking, resilience, compassion, and creative expression of young adults and teens through the arts.

A young woman of incredible spirit and talent, Julietta was a gifted singer, songwriter, musician, dancer, and actress. She was a passionate artist who leaves behind a legacy of compassion and creativity.
